INSTRUCTIONS:

This pattern uses the Quill Eyelet stitch pattern from Nicky Epstein's *Knitting on the Edge*. It features a knit-in fringe, a technique also described in that book, which produces a unique "swish" effect.

In this pattern six extra stitches are knit on each row, along one side of the main stitch pattern, which are then unravelled to form a run of loops on one edge along the full length of the scarf.

If you would prefer not to have a fringe, instructions are also provided for a plain scarf.

Fringed Scarf:

Cast on 32 stitches.

Row 1: Purl.

Row 2: K 6, K into back of next stitch,
[yo, K1, Slip 1, K2tog, pssso, K1, yo, K1] four times, **K1**.

These two rows form the pattern. Repeat until all three balls of yarn have been used, or until the scarf is the desired length, ending on a right side row.

Cast off 26 stitches purlwise (6 stitches remain).

**SWISH FRINGED SCARF
32 STITCHES IN TOTAL**

**MAIN BODY OF SCARF - QUILL EYELET STITCH PATTERN
(28 STITCHES)**

KNIT-IN STITCHES TO BE UNRAVELLED FOR SCARF FRINGE (6 STITCHES)

Make Fringe

Slip the remaining stitches off the needles and carefully unravel six stitches from each row along the side of the knitted piece.

We recommend unravelling two rows at a time (as they will be one “loop” of yarn) and tying a knot at the knit edge of each loop as you go.

This will take a little time but the effect is well worth the wait. We promise.

Plain Scarf:

Cast on 31 stitches.

Row 1: Purl.

Row 2: K 1, [yo, K1, Slip 1, K2tog, pssso, K1, yo, K1] 5 times.

These two rows form the pattern. Repeat until all three balls of yarn have been used, or until the scarf is the desired length, ending on a right side row.

Cast off all stitches purlwise.
